Executive Headteacher: Mr David White

Behaviour Revamp Statement

As Stockton Secondary School reaches nearer to its first session. It is within I, Mr Charlie White's best interest to revamp the behavioural structure of the school to a more in depth, and finer scale.

Instead of just having a C1, C2, C3 system. We will be broadening that to a 5 fold C system. I believe that having 5 different Consequences will be a better way to handle students than just kicking them out after 4. Below this, you will see the grid which gives you a brief overview of the Consequences that we have put in place.

C1	Verbal warning
C2	Students call back. 3-5 minutes at break or lunch. Or for a conversation after class.
C3	X1 Lunch Time Detention, 5 minutes of detention, 5 minutes of lunch.
C4	X2 Lunchtime Detentions of a higher scale of time ranging from 5 minutes to 10 minutes.
C5	Full day Inclusion in an Educative System or After school detention

After a C5 is given out, and we deem it is in the best interest of the student, and the school. We will have to go to a C6 which isn't noted but a C6 contains the act of suspending, or removing the student from the school.

As I consulted with the Executive Headteacher Mr David White, we both agreed this will be a better standpoint, and a punishment system for the students. It will also help staff when dealing with students in the classroom to get a better quality of educational standards. If you do have any questions, don't hesitate to contact Mr Charlie White through the Discord Server.

Thanks,
Mr Charlie White
Assistant Headteacher
